Mr. Lindquist addressed the attendees at the Board Meeting at the request of the Board President and described the nature of the ISNAP program, which provides monitoring and assessment / treatment referral services to nurses licensed in Indiana who meet the program's monitoring criteria.

V. EDUCATION

A. Harrison College – Fort Wayne

Ms. Narwold presented to the Board her summary of a recent site visit on behalf of the Board in regards their proposed new RN education program. Representatives from Harrison College – Fort Wayne were present to discuss the proposed program details and items identified in the site visit report and recommendations. The Board discussed concerns about faculty space at the current configuration of the facility, and Harrison College – Fort Wayne representatives will address. A motion was made and seconded to approve the program on an initial accreditation status, with a follow-up Board site visit in one year.

VI. DISCUSSION

A. Kelly Crowe: Early Request to Withdraw Probation

Ms. Crowe's request to withdraw probation was discussed by the Board in regards to the timing of her request. Pursuant to the terms of the Order placing her license on a probationary status, Ms. Crowe has not met all of the requirements of that Order and is not eligible to petition the Board for an early withdraw of the probationary status. The Board discussed the procedure for review of such requests – on one hand, the Board carefully considers the requirements it orders as conditions for eligibility to withdraw or reinstate and they should not be revisited without extreme circumstances. On the other, the Board recognizes that, even if it very rarely happens, there could be situations where an individual ought to be able to petition the Board for an early review of their circumstances. The Board decided that it will appoint a designee to review early petitions received by PLA if special circumstances are apparent and that designee will decide whether the individual may have an early hearing before the Board. Ms. Valentino will be the Board's designee with this responsibility.

B. ROEC – Nursing Board priorities for legislative consideration

The Board discussed the top five issues that it would like to see addressed by a legislative committee established to look at regulated professions and to develop legislative recommendations as a result of their review. The top priorities include in large part the specific need for increased resources devoted to nursing educational oversight. The Board discussed the possibility of a portion of application fees designated as being diverted to establish a nurse education fund. Other funding mechanisms, such as program application fees and fees for survey visits were also discussed as possibilities. The Board will outline the various duties associated with the appropriate level of oversight and involvement necessary for the Board to carry out its statutory duty of accreditation. The Board feels that each school should be surveyed at least every 3 years, and the pass rate review and review of annual reports require additional resources for thorough oversight. The Board also discussed the possibility of additional funding for ISNAP.

C. Lisa Mays: Request to withdraw probation via telephonic hearing

Ms. Mays has requested the Board conduct the probationary withdraw hearing that she is eligible for telephonically. Ms. Mays currently resides in Florida and expressed concerns for her personal safety if she were to come to Indianapolis. The Board considered the reasons for her request and while they decided that a hearing should be conducted with the physical presence of the parties, the Board will hold a special ALJ hearing in Kendallville or Kokomo as an alternative to a full Board hearing in Indianapolis.

D. Elliot Schwartz request to voluntary surrender

Mr. Schwartz requested the Board accept a voluntary surrender of his RN license. His Alabama nursing license was recently suspended and is currently on probation, as a review of Mr. Schwartz's request uncovered. The Board discussed and requested that a formal complaint be filed with the Attorney General's office.

E. Mary Lou Brewer – took RN exam in 1999, completed RN education in 2010

Ms. Brewer appeared before the Board to request that the results of her RN NCLEC from 1999 be used to issue a new Indiana RN license. PLA inadvertently allowed her to register for and examine as an RN candidate after she completed an LPN program in 1999. She was licensed as an LPN based on her passing the RN test and her completion of the LPN education program. Ms. Brewer has now completed an RN program. A motion was made and seconded to require her to take the RN examination in order to issue her RN license.

NARWOLD/OGLE
Motion Carried 7-0-0.

F. Lawrence Robinson

Mr. Robinson's matter will be discussed at the July hearing with his participation.

G. About the Medicaid Fraud Control Unit – Steve Hunt

Deputy Attorney General Steve Hunt of the Medicaid Fraud Control Unit presented to the Board and the students in attendance about the details of his group's program to prevent and identify Medicaid fraud and abuse. Mr. Hunt shared details on how all health care professionals can report instances and how they are protected under the whistleblower act.
